

Barricade Ltd supply a wide variety of litter bins and dog waste disposal bins in a variety of styles, sizes and colours.

These perforated stainless steel litter bins incorporate all the features of the Porto Range but are constructed from Grade 304 stainless steel to give the bins an extra special contemporary look. Grade 316 marine grade also available. The surface of the bin is 240 grit dull polish as standard. The litter bins incorporate all the sturdy and robust features that are synonymous with the Porto steel range of bins.

The bin includes a galvanised steel liner with safety top edge and 2 handles.
